

The revolutionary moist Xcaper Smoke Mask delivers unparalleled protection by trapping 100% of particulate matter and absorbing Carbon Monoxide, Hydrogen Cyanide, Acrolein, Nitrogen Dioxide and Nitrogen Monoxide (See detailed test results on our website.) The Xcaper Smoke Mask uses the same technology currently used by 10's of thousands of professional firefighters while fighting wildland fires and during the clean up process after structure fires. The Xcaper Smoke Mask is intended to be used for escape from smoke

filled areas. The mask will work effectively for 30 minutes or longer depending on conditions. The Xcaper Smoke Mask may be worn right side up, upside down or even inside out. It is packaged in a vacuum-sealed foil pouch with glow in the dark markings on both sides to aid in opening the foil pouch in dark or smoke filled area. The Xcaper Smoke Mask has a shelf life of five years.

XCAPER SMOKE MASK

The Xcaper Smoke mask comes in a vacuum sealed bag to preserve its contents. It should be stored in a convenient location for easy access in an emergency. *Contents: One (1) Xcaper Smoke Mask; (Picture shows contents); Weight: 1.6 oz*

DRY PRACTICE SMOKE MASK

The Dry Practice smoke mask comes by-itself and is NOT contained in a vacuum sealed foil bag. It is to be used for training and practice drills only. Not for emergency use. *Contents: One (1) Xcaper Dry Practice Filter; Weight: 0.5 oz*

XCAPER WALL UNIT

Sturdy wall unit made of clear acrylic is available with or without a hinged lid. The unit stores up to two Xcaper Smoke Masks and two pairs of Xcaper Goggles with plenty of room to add a small flashlight. The lid can be secured with a tamper proof seal. The Wall Unit can be secured to the wall with screws or double sided foam tape. The glow strips on the Xcaper Smoke Mask packaging will be visible through the clear acrylic in the dark making it easy to locate in an emergency. *Size: 9" (H) x 6 7/8" (W) x 3" (D); Weight: 19.4 oz*

XCAPER GOGGLE

One size fits all. The lens has a 256 Degree F distortion rating. The lens bends easily for compact storage and has an anti-fog coating. There is no visual distortion at the peripheral vision points despite the lens flexibility. The Xcaper goggle Protects the eyes from smoke during escape from a smoke filled area. Packaged with a clear adhesive lens cover, that should be removed prior to use. *Weight: 0.5 oz*

XCAPER HIP PAC

This sturdy Hip Pac holds one Xcaper Smoke Mask, and one pair of goggles, while leaving plenty of room for other emergency items. Made of heavy duty black polyester nylon, the Hip Pac has a well-built zipper opening. Additionally, it has Velcro® straps which may be fastened to a belt or around ones arm when using it in an urgent situation. Deployment as an emergency kit, the Velcro strap can be attached to a desk with a matching piece of Velcro. Available in Black, the Hip Pac may be embroidered or silk-screened with a name or company logo for an additional charge. *Size: 5 3/4" (H) x 5" (L) x 2 3/4" (W); Weight: 2.4 oz*

XCAPER "GO" KIT

This convenient basic kit has been the favorite of many corporations for their employees and individuals as an emergency evacuation kit for home use or when traveling. *Contents: One (1) Xcaper Smoke Mask, One (1) Pair of Xcaper Goggles, One (1) Xcaper Hip Pac; Weight 4.5 oz*
